

Moving Forward Together

New Electronic Health Record Will Benefit Patients.

- *The new system will allow appointment reminders, and add a new patient portal, allowing patients to see more of their health records and pay bills.*
- *Clinic patients are asked to arrive 15-20 minutes before appointment time to allow us to get your health history, medications, allergies and basic information into the system.*
- *You can bring us a health history form prior to your appointment so we can pre-register you, to save additional time.*
- *Please bring health insurance card and photo ID (such as driver's license) to appointments.*
- *Please bring medication bottles to appointments.*

THANK YOU FOR
YOUR PATIENCE
DURING THIS
TRANSITION.

Health information forms are available at JCH&L Fairbury and Plymouth Clinics, JCH&L outpatient services, Globe Rexall Pharmacy, Korbel Drug, and the Fairbury Chamber of Commerce. They can be turned in at the health center or clinics.
