

**Adolescent Patient Portal Proxy Access**

**REQUEST AND CONSENT FORM**

**Designating a Proxy:** Jefferson Community Health and Life patients can give another person the right to see their medical record. Proxy access gives the person that you name (your "Proxy") (i.e., parent, legal guardian, or other elected adult) the ability to view your medical record information and talk with your health care providers using the patient portal. Patient information that may be viewed by your Proxy includes your problem list, allergies, medications, laboratory and radiology results, and other clinical documents. By using the Patient Portal your patient information can be accessed by your Proxy at any time.

You may cancel your Proxy's access at any time by calling 402-729-3351 and asking for patient portal assistance.

You may also revoke your Proxy's access at any time by providing written notification with signature to JCHL.

To request a paper copy of a patient's medical record, please contact JCH&L release of information at 402-587-5221.
